Cutting Optimization Service
For Windows® Version 2.0

CutMizer® - Optimization Service

Fast, Efficient and Economical Cutting Plans - Without the Hassle

Let us do your cutting plans and provide consistently high yields.

Download **FREE SOFTWARE** and give it a try at:
WWW.RRDRUMMOND.COM

New Optimization Service!

Are you paying more than 20 bucks?

Let R&R DRUMMOND optimize your cutting plans, so you can spend more time productively. We have nearly 20 years experience using one of the world's best optimization programs.

It's simple. Download and install the **FREE CutMizer** electronic worksheet generator and layout viewer. Enter the items to be cut, the sheet stock and any specific instructions (See form on other side). Then send your worksheet data to R&R by clicking the Send button.

We will generate optimized cutting plans and email them to you within 24 hours for most jobs.

You will be able to view and print the returned layouts with the CutMizer program. Alternatively, we can send printed layouts via Fax or US Mail.

Only...\$19.95 per list regardless of the number of layouts. Why would you do them yourself?

Eliminate costly cutting errors. Reduce waste.

Save: Time - Material - Money - CALL TODAY!

Phone/Fax 724 446 0159

Benefits:

Our 20 years experience and one of the world's best programs insures consistently high yield cutting plans.

You and your employees are free of this time consuming, difficult task.

No software or hardware to buy.

Learning is minimal.

Quick turnaround.

Less costly than doing it yourself.

Let us be your virtual employee!

Just fill out this form and click Send. It's So Easy!
